Number	establish understanding of the language and processes of counting by naming numbers in sequences, initially to and from 20, moving from any starting point	ACMNA001	Number	name, represent and order numbers including zero to at least 20, using physical and virtual materials and numerals	AC9MFN01	Numbers to 10 Numbers to 20 Numbers to 30
	connect number names, numerals and quantities, including zero, initially up to 10 and then beyond	ACMNA002		recognise and name the number of objects within a collection up to 5 using subitising	AC9MFN02	Numbers to 10 Numbers to 20
	subitise small collections of objects	ACMNA003		partition and combine collections up to 10 using part-part-whole relationships and subitising to recognise and name the parts	AC9MFN04	Partition & combine
	compare, order and make correspondences between collections, initially to 20, and explain reasoning	ACMNA289		quantify and compare collections to at least 20 using counting and explain or demonstrate reasoning	AC9MFN03	Numbers to 10 Numbers to 20 Numbers to 30
	establish understanding of the language and processes of counting by naming numbers in sequences, initially to and from 20, moving from any starting point	ACMNA001		represent practical situations involving addition, subtraction and quantification with physical and virtual materials and use counting or subitising strategies	AC9MFN05	Partition & combine
	represent practical situations to model addition and sharing	ACMNA004		represent practical situations that involve equal sharing and grouping with physical and virtual materials and use counting or subitising strategies	AC9MFN06	Equal sharing & grouping
Algebra	sort and classify familiar objects and explain the basis for these classifications. Copy, continue and create patterns with objects and drawings	ACMNA005	Algebra	recognise, copy and continue repeating patterns represented in different ways	AC9MFA01	Patterns
Measurement	use direct and indirect comparisons to decide which is longer, heavier or holds more, and explain reasoning in everyday language	ACMMG006	Measurement	identify and compare attributes of objects and events, including length, capacity, mass and duration, using direct comparisons and communicating reasoning	AC9MFM01	Measurement
	compare and order duration of events using everyday language of time	ACMMG007		sequence days of the week and times of the day including morning, lunchtime, afternoon and night time, and connect them to familiar events and actions	AC9MFM02	Time
	connect days of the week to familiar events and actions	ACMMG008				
	compare and order duration of events using everyday language of time	ACMMG007				
Geometry	sort and classify familiar objects and explain the basis for these classifications. Copy, continue and create patterns with objects and drawings	ACMNA005	Space	sort, name and create familiar shapes; recognise and describe familiar shapes within objects in the environment, giving reasons	AC9MFSP01	Shape & position
	sort, describe and name familiar two-dimensional shapes and three-dimensional objects in the environment	ACMMG009				
Statistics	answer yes/no questions to collect information and make simple inferences	ACMSP011	Statistics	collect, sort and compare data represented by objects and images in response to given investigative questions that relate to familiar situations	AC9MFST01	Simple data
	sort and classify familiar objects and explain the basis for these classifications. Copy, continue and create patterns with objects and drawings	ACMNA005
